Births during the week	36	30	66				

REMARKS.—There was practically no rain during the week. Rat mortality was reported from the Malleswaram and Basavangudi Extensions. Owing to plague, the weekly total mortality was higher than the average.

REMARKS.—The weather continued to be dry. Plague accounted for 9 attacks with 9 deaths. There were 2 attacks with 2 deaths from small-pox and few cases of dysentery, diarrhoea and typhoid were noticed.

A. K. PANI,
Offg. Sanitary Commissioner,
Mysore Government.
